MISS JACKIE ZETTEROWER
WEDS MR. HOUSTON
The bride of George Leon Houston at the First Baptist Church in Statesboro Sunday afternoon, June 28, at 5:30 o'clock. The Rev. Paul Strickler performed the double-ring ceremony in a setting of emerald ferns, palms and white standards of gladioli and chrysanthemums interspersed with beaded candelabra with tubular tapers. The pulpit was cascaded with white carnations and white satin ribbon and clusters of frosted wedding bells.

Jack Averitt, organist, and Morris, soloist, presented the nuptial music. As the guests were arriving, Mr. Averitt played a medley of wedding music. Prior to the entrance of the bride party Mr. Morris sang "Through the Veil" and "O Promise Me" and "The Lord's Prayer" after the vows.

Miss Zetterower is the daughter of Mr. and Mrs. W. L. Zetterower Jr. of Houston, Texas, and of George Leon Houston of Sylvester.

FAMILY BRIDAL GOWN OF CHANTILLY LACE

Given in marriage by her father, the lovely bride wore an exquisite ivory-toned wedding dress of nylon tulle and imported Chantilly lace over matching duchess satin. The lace bodice, fastened in back with small covered buttons, and having long sleeves traditionally approved over the hands, was designed on pointed basque lines. The off-shoulder, deep-cut neckline, delicately touched with pearls and pendant pearls, as applied to a high illusion yoke. Lace formed an

over-skirt applied on the double tulle skirt and sweeping beautifully into the circular veil, fingertip-length, was attached to a close-fitting lace cap edged with pearls and crystals. The bride's bouquet of white, purple-throated orchids was showered with staphenitis.

ATTENDANTS IN BLUE

Mrs. Bill Olliff, her sister's beautiful blue gown, a ball-length ice blue nylon marquisette dress lavishly full over taffeta. The bodice, shirred in figure molding, beauty featured a deep-V decolletage worn with matching fichu. The bride extended in shirred petal points on the skirt.

The bridesmaids were Misses Sue Simmons, Miss Donnell Thompson, Statesboro; Miss Glad Houston, sister of the groom, Sylvester, Ga.; Miss Carol Wallis, College Park, Ga.; and Miss Mary Weaver, Macon.

The attendants' gowns were sky blue and designed identically of blue net, sequin trimmed, and carried semi-cascade bouquets of rubrum lilies and tube roses.

Sally Coleman and Carol Cronley, the flower girls, wore blue net ballerina dresses and carried handmade white net baskets with satin handles showered with tiny white flowers.

G. L. Houston Sr. of Sylvester was his son's best man. Usher-groomsmen were John Terrell, Toccoa, Ga.; Allen Rue, Sea Island, Ga.; Harvey Lee Simpson, Gene Overton, Sylvester, Ga.; Jim Coran, Havelock, N. C.; and Bill Olliff, Statesboro. They wore white dinner jackets, midnight blue trousers,

maroon ties and white boutonniere.

For her daughter's wedding, Mrs. W. L. Zetterower Sr., chose a French blue imported lace ballerina dress with a boat neckline outlined with opalescent sequin embroidery and best possible people interest.

Mrs. G. L. Houston Sr., the groom's mother, wore mauve sheer with lace top. Both wore purple orchids.

RECEPTION FOLLOWS AT HOME OF THE BRIDE

An elaborate reception was held at the country home of the bride where a bevy of lovely girls served refreshments on the spacious lawn. Faye Hagan and Ramon Lee gave out the napkins. Party plates with pineapple sherbet punch, dipped blue bonbons, decorated with a tiny blue flower, pastel blue mints and nuts were served by Misses Frances Rackley, Deborah Prather, Betty Womack, Melba Prosser, Frances Armstrong, Patsy Odum, Jean Martin, Betty Smith, Barbara Ann Brannen, Judy Zetterower, Mrs. Fred Hodges Jr., Mrs. Henry Zetterower, Mrs. Hilda E. Hill, Mrs. William Cronley, and Mrs. Vaughn Dyer.

The receiving line formed on the lawn with Mrs. Frank Olliff introducing the guests. In the line were Mrs. W. L. Zetterower, Mrs. G. L. Houston Sr., the bride and groom and bridesmaids.

Mrs. Frank Simmons Sr. greeted the guests at the door and Mrs. J. B. Brannen Jr. kept the bride's book.

Lovely flowers were artistically arranged throughout the home. The bride's table was overlaid with a white organza dainty lace-trimmed cloth over

The makers of Super-Refined No-Nox, the clean-burning gasoline, now bring you a new super-refined motor oil...

New Gulfpride H.D. Select

...the only motor oil in the world super-refined by the Alchor Process for modern high-compression engines.

Not a compromise, multi-viscosity oil that tries to be an "all-season," "three-grades-in-one" oil. Contains no artificial thickeners that break down in your engine and increase oil consumption.

This completely new kind of motor oil—made possible by Gulf's exclusive Alchor Process—is available in 3 grades to give you the finest protection, the best oil mileage for your make of car—in every season.

- Controls carbon—cause of knock, pre-ignition, valve failure and loss of power in high-compression engines.
- Combats corrosive acids, rust and deposits that build up on engine parts. Keeps hydraulic valve lifters quiet and free-acting.
- Assures lower oil consumption than the multi-viscosity "all-season" motor oils, because it has natural viscosity and contains no artificial thickeners that break down in your engine.
- Provides the toughest protective film ever developed in a motor oil... assures better engine protection for all cars under all driving conditions.

Available in 3 grades—SAE 10W, SAE 20/30W, SAE 30. Lets you follow your car manufacturer's recommendation for each season.

Now! For the ultimate in working octane performance and engine protection, always use Gulf's super-refined gas oil team...
New Gulf No-Nox Gasoline
New Gulfpride H.D. Select Motor Oil

"Coked" valve "A" is from engine using so-called "all-season," multi-grade oil. Coke-like carbon deposit is a cause of sluggish performance and ultimate valve failure. Clean valve "B" is from engine using new Gulfpride.

See how Gulfpride H. D. Select holds its body (viscosity). This new oil contains no artificial thickeners that break down under heat and pressure. But note how quickly a typical multi-viscosity 10W-30 oil starts to lose its body.
